QA Testing Playbook

Version 2.0 — Manual Testing Reference for Team Testers

April 5, 2026

Your Timeshare. Their Dream Vacation.

Rent-A-Vacation (RAV) is a peer-to-peer marketplace connecting timeshare owners with travelers seeking premium vacation rentals at below-market rates. This playbook provides step-by-step manual test scenarios organized by role.

Quick Reference Card

Environment

Item	Value
DEV URL	`https://dev.rent-a-vacation.com`
PROD URL	`https://rent-a-vacation.com` (DO NOT test here)
Stripe Dashboard	`https://dashboard.stripe.com` (toggle to Test mode)
GitHub Issues	`https://github.com/rent-a-vacation/rav-website/issues`

Foundation Accounts

Universal password for all accounts: `SeedTest2026!`

RAV Team

Email	Role	Access Level
`dev-owner@rent-a-vacation.com`	RAV Owner	Full admin — all tabs
`dev-admin@rent-a-vacation.com`	RAV Admin	Admin — all tabs
`dev-staff@rent-a-vacation.com`	RAV Staff	Staff — 10 operational tabs only

Property Owners

Email	Name	Brand	Tier
`owner1@rent-a-vacation.com`	Alex Rivera	Hilton Grand Vacations	Pro (`$10/mo`)
`owner2@rent-a-vacation.com`	Maria Chen	Marriott Vacation Club	Business (`$25/mo`)
`owner3@rent-a-vacation.com`	James Thompson	Disney Vacation Club	Free
`owner4@rent-a-vacation.com`	Priya Patel	Wyndham Destinations	Free
`owner5@rent-a-vacation.com`	Robert Kim	Bluegreen Vacations	Free

Renters

50 accounts: `renter001@rent-a-vacation.com` through `renter050@rent-a-vacation.com`

Password: `SeedTest2026!`

Tier assignments (after seed):

- renter001–002: Plus (`$5/mo`) — 25 voice searches/day
- renter003: Premium (`$15/mo`) — unlimited voice, concierge support
- renter004–050: Free — 5 voice searches/day

Stripe Test Cards

Scenario	Card Number	Expected
Success (default)	`4242 4242 4242 4242`	Payment completes
Visa debit	`4000 0566 5566 5556`	Payment completes
Mastercard	`5555 5555 5555 4444`	Payment completes
Amex (4-digit CVC)	`3782 822463 10005`	Payment completes
Insufficient funds	`4000 0000 0000 9995`	Decline — error shown
Generic decline	`4000 0000 0000 0002`	Decline — error shown
Expired card	`4000 0000 0000 0069`	Decline — error shown
3D Secure	`4000 0027 6000 3184`	Auth popup — complete it
3DS fails	`4000 0084 0000 1629`	Auth popup — declined

For all test cards: any future expiry (e.g., `12/28`), any 3-digit CVC (e.g., `123`), any ZIP (e.g., `32256`).

How to Manage DEV Data

Two options in Admin Dashboard → Dev Tools tab:

Reset & Reseed DEV — Wipes all test data and recreates from scratch. Use when you want a clean slate.

1. Log in as any RAV team account on DEV
2. Navigate to Admin Dashboard → Dev Tools tab
3. Click “Reset & Reseed DEV” and confirm
4. Wait 30–60 seconds for completion

Update Seed Data — Adds new feature data without deleting anything. Use after code updates to get new test data while keeping your manual testing intact.

1. Navigate to Admin Dashboard → Dev Tools tab
2. Click “Update Seed Data” and confirm
3. Completes in 10 seconds

How to Report Bugs

Create a GitHub Issue with: Title (“Bug: …”), labels (bug + area), steps to reproduce, expected vs actual behavior, screenshot, account used, and browser/device.

Role 1: Traveler (Renter)

> **Note**
> Log in as: `renter001@rent-a-vacation.com` / `SeedTest2026!`

Discovery & Search

TC-T-001: Browse the Landing Page

Page: `/`

Steps: 1. Navigate to dev.rent-a-vacation.com
2. Observe the hero section, featured resorts, and CTA buttons
3. Click "Browse Rentals" CTA

Expected: Landing page loads with header, hero, featured listings, and footer. CTA navigates to /rentals.

☐ Pass ☐ Fail Notes: _____

TC-T-002: How It Works Page

Page: `/how-it-works`

Steps: 1. Navigate to /how-it-works
2. Review the traveler and owner sections
3. Check the pricing section

Expected: Page explains the platform for both travelers and owners. Commission rate shown as 15%.

☐ Pass ☐ Fail Notes: _____

TC-T-003: Browse Vacation Rentals

Page: `/rentals`

Steps: 1. Navigate to /rentals
2. Observe the listing grid
3. Verify each listing card shows: resort name, location, dates, nightly rate, total price

Expected: Listings load with property cards. Prices show nightly rate with RAV markup.

☐ Pass ☐ Fail Notes: _____

TC-T-004: Search by Location

Page: `/rentals`

Steps: 1. On /rentals, type "Orlando" in the search bar
2. Press Enter or click search
3. Observe filtered results

Expected: Only listings in Orlando (or with Orlando in resort name) appear.

☐ Pass ☐ Fail Notes: _____

TC-T-005: Filter and Sort Listings

Page: `/rentals`

Steps: 1. Use brand/location/date/price filters
2. Change sort order (price low→high, high→low, newest)
3. Clear all filters

Expected: Listings update immediately. Sort order changes. Clearing shows all listings.

☐ Pass ☐ Fail Notes: _____

TC-T-006: Voice Search

Page: `/rentals`

Steps: 1. Click the microphone/voice search button
2. Say "I want a 2-bedroom in Orlando for next month"
3. Wait for results

Expected: Voice assistant processes the query and filters listings accordingly.

☐ Pass ☐ Fail Notes: _____

TC-T-007: Text Chat with RAVIO

Page: `Any page (floating chat widget)`

Steps: 1. Click the RAVIO chat icon (bottom-right)
2. Type "What timeshare resorts do you have in Hawaii?"
3. Wait for response

Expected: RAVIO responds with relevant resort information. Chat is conversational.

☐ Pass ☐ Fail Notes: _____

TC-T-008: Explore Destinations

Page: `/destinations`

Steps: 1. Navigate to /destinations
2. Browse the 10 destination cards
3. Click a destination (e.g., Orlando)
4. Click a specific city within that destination

Expected: Destination grid loads. Clicking shows detail with cities and related listings.

☐ Pass ☐ Fail Notes: _____

Property Detail & Comparison

TC-T-009: View Property Detail

Page: `/property/:id`

Steps: 1. From /rentals, click on any listing card
2. Review: photos, description, amenities, pricing breakdown, cancellation policy
3. Check the Fair Value badge/score
4. Check the "Ask the Owner" button

Expected: Full detail loads. Price breakdown shows nightly rate, nights, RAV fee, total. Cancellation policy with color-coded refund tiers.

☐ Pass ☐ Fail Notes: _____

TC-T-010: Compare Properties

Page: `/rentals`

Steps: 1. Toggle "Compare" mode on /rentals
2. Select 2–3 listings using checkboxes
3. Click "Compare Selected" in the floating bar
4. Review the comparison dialog

Expected: Side-by-side comparison with price, location, bedrooms, amenities. "Best" badges highlight best values. Max 3 listings.

☐ Pass ☐ Fail Notes: _____

TC-T-011: Save a Search

Page: `/rentals`

Steps: 1. Apply filters (e.g., Orlando, 2 bedrooms)
2. Click "Save Search"
3. Navigate to /my-trips → Favorites tab

Expected: Search saved. Appears in saved searches with option to re-run or delete. Price drop badges when applicable.

☐ Pass ☐ Fail Notes: _____

TC-T-012: Add to Favorites

Page: `/property/:id`

Steps: 1. Click the heart/favorite icon
2. Navigate to /my-trips → Favorites tab

Expected: Property appears in favorites. Can be removed by clicking heart again.

☐ Pass ☐ Fail Notes: _____

Bidding & Offers

TC-T-013: Place a Bid on a Listing

Page: `/property/:id (bidding-enabled)`

Steps: 1. Find a listing with "Open for Bidding" badge
2. Click "Place Bid"
3. Enter a bid amount
4. Submit the bid

Expected: Bid submitted. Confirmation toast shown. Bid appears in /my-trips → Offers tab.

☐ Pass ☐ Fail Notes: _____

TC-T-014: Submit a Date Proposal

Page: `/property/:id`

Steps: 1. Click "Propose Different Dates"
2. Select check-in and check-out dates
3. Observe auto-computed bid (nightly rate × nights + 15%)
4. Submit the date proposal

Expected: Date proposal sent. Auto-computed price reflects nightly rate × nights with markup.

☐ Pass ☐ Fail Notes: _____

TC-T-015: Create a Travel Request

Page: `/bidding`

Steps: 1. Navigate to /bidding
2. Click "Post Travel Request"
3. Fill in destination, dates, guests, budget
4. Submit

Expected: Travel request created. Appears in the marketplace for owners.

☐ Pass ☐ Fail Notes: _____

TC-T-016: Inspired Travel Request from Listing

Page: `/property/:id`

Steps: 1. Click "Request Similar" or "Send to this Owner"
2. Review pre-filled form (destination, dates from listing)
3. Toggle "Send to this owner first"
4. Submit

Expected: Travel request created with pre-filled data. If toggled, request is targeted to owner.

☐ Pass ☐ Fail Notes: _____

TC-T-017: View My Offers

Page: `/my-trips?tab=offers`

Steps: 1. Navigate to /my-trips → Offers tab
2. Review submitted bids and statuses

Expected: All bids listed with status (pending, accepted, rejected, expired).

☐ Pass ☐ Fail Notes: _____

Booking & Payment

TC-T-018: Checkout — Successful Payment

Page: `/checkout`

Steps: 1. Click "Book Now" from listing detail
2. Review booking summary and fee breakdown
3. Enter card: 4242 4242 4242 4242, expiry 12/28, CVC 123
4. Complete payment

Expected: Payment succeeds. Redirect to /booking-success with confirmation and timeline.

☐ Pass ☐ Fail Notes: _____

TC-T-019: Checkout — Declined Card

Page: `/checkout`

Steps: 1. Enter card 4000 0000 0000 9995 (insufficient funds)
2. Attempt payment

Expected: Payment fails. Error message displayed. No booking created.

☐ Pass ☐ Fail Notes: _____

TC-T-020: Checkout — 3D Secure Card

Page: `/checkout`

Steps: 1. Enter card 4000 0027 6000 3184
2. Complete the 3DS authentication popup

Expected: 3DS popup appears. After authentication, booking succeeds normally.

☐ Pass ☐ Fail Notes: _____

TC-T-021: Booking Success Page

Page: `/booking-success`

Steps: 1. After successful checkout, observe the success page
2. Check booking timeline (Booked → Confirmed → Check-in → Stay → Complete)
3. Verify confirmation details

Expected: Timeline shows "Booked" as complete, remaining steps upcoming. Confirmation number displayed.

☐ Pass ☐ Fail Notes: _____

Renter Dashboard

TC-T-022: My Trips — Overview Tab

Page: `/my-trips`

Steps: 1. Navigate to /my-trips
2. Review: upcoming trips, check-in countdown, quick stats

Expected: Overview shows upcoming bookings with countdown. Stats include total trips and money saved.

☐ Pass ☐ Fail Notes: _____

TC-T-023: My Trips — Bookings Tab

Page: `/my-trips?tab=bookings`

Steps: 1. Click Bookings tab
2. Review past and upcoming bookings
3. Click a booking to view details

Expected: All bookings listed with status badges. Can view details, timeline, and messaging.

☐ Pass ☐ Fail Notes: _____

TC-T-024: My Trips — Offers Tab

Page: `/my-trips?tab=offers`

Steps: 1. Click Offers tab
2. Review submitted bids and travel requests

Expected: Bids and proposals listed with current status.

☐ Pass ☐ Fail Notes: _____

TC-T-025: My Trips — Favorites Tab

Page: `/my-trips?tab=favorites`

Steps: 1. Click Favorites tab
2. Review saved properties and saved searches

Expected: Favorited properties and saved searches displayed. Price drop badges if applicable.

☐ Pass ☐ Fail Notes: _____

Post-Booking Actions

TC-T-026: Cancel a Booking (Renter)

Page: `/my-trips?tab=bookings`

Steps: 1. Find an active booking
2. Click "Cancel Booking"
3. Review cancellation policy and refund amount
4. Confirm cancellation

Expected: Dialog shows policy-based refund. After confirming, status changes and Stripe refund processed.

☐ Pass ☐ Fail Notes: _____

TC-T-027: Report an Issue (Renter)

Page: `/my-trips?tab=bookings`

Steps: 1. Find a booking and click "Report Issue"
2. Select issue category
3. Describe the problem, optionally upload evidence
4. Submit

Expected: Issue/dispute created. Appears in admin disputes queue.

☐ Pass ☐ Fail Notes: _____

TC-T-028: Traveler Check-In

Page: `/checkin`

Steps: 1. Navigate to /checkin
2. Find an upcoming eligible booking
3. Complete the check-in process

Expected: Check-in status updated. Booking timeline reflects completion.

☐ Pass ☐ Fail Notes: _____

TC-T-029: Pre-Booking Inquiry

Page: `/property/:id`

Steps: 1. Click "Ask the Owner"
2. Type a question
3. Send the message

Expected: Inquiry created. Owner receives notification. Reply thread works.

☐ Pass ☐ Fail Notes: _____

TC-T-030: Booking Message Thread

Page: `/my-trips?tab=bookings → detail`

Steps: 1. Open a booking detail
2. Send a message in the thread
3. Observe realtime updates (no refresh)

Expected: Message sends instantly. Realtime subscription shows new messages.

☐ Pass ☐ Fail Notes: _____

Account & Tools

TC-T-031: Account Settings

Page: `/account`

Steps: 1. Navigate to /account
2. Update profile info (name, phone)
3. Change password
4. Review membership tier and notification preferences

Expected: Profile updates save. Password change works. Tier displayed correctly.

☐ Pass ☐ Fail Notes: _____

TC-T-032: RAV SmartEarn (Calculator)

Page: `/calculator`

Steps: 1. Navigate to /calculator
2. Select a brand (e.g., Hilton Grand Vacations)
3. Enter maintenance fee amount
4. Toggle yield estimator mode
5. Review breakeven analysis

Expected: Calculator shows breakeven point, listing price, yield estimate. 9 brands available.

☐ Pass ☐ Fail Notes: _____

TC-T-033: RAV SmartCompare

Page: `/tools/cost-comparator`

Steps: 1. Navigate to /tools/cost-comparator
2. Enter comparison parameters
3. Review results

Expected: Side-by-side cost comparison of timeshare rental vs hotel/other options.

☐ Pass ☐ Fail Notes: _____

TC-T-034: RAV SmartMatch (Resort Quiz)

Page: `/tools/resort-quiz`

Steps: 1. Navigate to /tools/resort-quiz
2. Answer quiz questions about preferences
3. Review matched resorts

Expected: Quiz recommends resorts based on answers. Results link to listings.

☐ Pass ☐ Fail Notes: _____

TC-T-035: RAV SmartBudget

Page: `/tools/budget-planner`

Steps: 1. Navigate to /tools/budget-planner
2. Enter budget parameters
3. Review vacation budget plan

Expected: Budget breakdown showing affordability within given budget.

☐ Pass ☐ Fail Notes: _____

TC-T-036: RAV Smart Suite Hub

Page: `/tools`

Steps: 1. Navigate to /tools
2. Verify 5 tools listed: SmartEarn, SmartPrice, SmartCompare, SmartMatch, SmartBudget
3. Click each tool card

Expected: Hub shows all tools with descriptions. Each links to correct tool page.

☐ Pass ☐ Fail Notes: _____

TC-T-037: FAQ Page

Page: `/faq`

Steps: 1. Navigate to /faq
2. Expand/collapse FAQ sections

Expected: FAQs organized by category. Accordion works.

☐ Pass ☐ Fail Notes: _____

TC-T-038: Contact Page

Page: `/contact`

Steps: 1. Navigate to /contact
2. Fill in the contact form
3. Submit

Expected: Form submits. Confirmation message shown.

☐ Pass ☐ Fail Notes: _____

Role 2: Property Owner

> **Note**
> Log in as: `owner1@rent-a-vacation.com` (Alex Rivera) / `SeedTest2026!`

Listing a Property

TC-O-001: List Property — Step 1 (Details)

Page: `/list-property`

Steps: 1. Navigate to /list-property
2. Select brand (e.g., Hilton Grand Vacations)
3. Enter resort name, unit details (bedrooms, bathrooms, sleeps)
4. Add location, description, amenities
5. Proceed to Step 2

Expected: Form validates required fields. Draft auto-saved. Brand shows relevant resorts.

☐ Pass ☐ Fail Notes: _____

TC-O-002: List Property — Step 2 (Pricing)

Page: `/list-property (step 2)`

Steps: 1. Enter nightly rate
2. Observe live price summary (nightly × nights + 15% markup = total)
3. Check pricing suggestion from market data
4. Set check-in/check-out dates
5. Choose cancellation policy

Expected: Price updates in real-time. Pricing suggestion shows market range. Cancellation options clear.

☐ Pass ☐ Fail Notes: _____

TC-O-003: List Property — Step 3 (Submit)

Page: `/list-property (step 3)`

Steps: 1. Review all property and listing details
2. Submit for approval
3. Check listing in Owner Dashboard as "pending"

Expected: Summary shows all data. Status = pending_approval. Redirects to Owner Dashboard.

☐ Pass ☐ Fail Notes: _____

TC-O-004: Save Draft and Resume

Page: `/list-property`

Steps: 1. Start listing, fill in some fields
2. Navigate away
3. Return to /list-property

Expected: Draft preserved. Previously entered data loads on return.

☐ Pass ☐ Fail Notes: _____

TC-O-005: Enable Bidding

Page: `/owner-dashboard → My Listings`

Steps: 1. Find an approved listing
2. Toggle "Open for Bidding"
3. Set bidding duration (7–14 days)

Expected: Listing appears in /bidding marketplace. Bidding badge shown.

☐ Pass ☐ Fail Notes: _____

Owner Dashboard

TC-O-006: Dashboard — Overview Tab

Page: `/owner-dashboard`

Steps: 1. Navigate to /owner-dashboard
2. Review KPI cards: listings, bookings, earnings, fees coverage
3. Check earnings timeline chart
4. Review maintenance fee tracker

Expected: KPI cards show correct counts. Chart displays monthly data. Fees coverage calculated.

☐ Pass ☐ Fail Notes: _____

TC-O-007: Dashboard — My Listings Tab

Page: `/owner-dashboard?tab=my-listings`

Steps: 1. Click "My Listings" tab
2. Review properties and listings
3. Edit a listing's nightly rate
4. Observe price recalculation

Expected: All owned items displayed. Editing rate recalculates total with 15% markup.

☐ Pass ☐ Fail Notes: _____

TC-O-008: Dashboard — Bookings & Earnings Tab

Page: `/owner-dashboard?tab=bookings-earnings`

Steps: 1. Click "Bookings & Earnings" tab
2. Review booking list with statuses

3. Expand earnings section
4. Check payout history

Expected: Bookings listed with badges. Earnings show gross, commission, net.

☐ Pass ☐ Fail Notes: _____

TC-O-009: Dashboard — Account Tab

Page: `/owner-dashboard?tab=account`

Steps: 1. Click "Account" tab
2. Review profile, referral dashboard, membership tier

Expected: Profile info displayed. Referral code and stats visible. Tier shown.

☐ Pass ☐ Fail Notes: _____

Booking Management

TC-O-010: Respond to a Bid

Page: `/owner-dashboard?tab=bookings-earnings`

Steps: 1. Find a pending bid notification
2. Review bid details (amount, dates, traveler)
3. Accept or reject

Expected: Accepting creates bookable offer. Rejecting notifies renter.

☐ Pass ☐ Fail Notes: _____

TC-O-011: Confirm a Booking

Page: `/owner-dashboard?tab=bookings-earnings`

Steps: 1. Find booking in "pending_confirmation" status
2. Review details
3. Click "Confirm Booking"

Expected: Booking moves to "confirmed". Renter notified. Escrow released on schedule.

☐ Pass ☐ Fail Notes: _____

TC-O-012: Cancel a Booking (Owner)

Page: `/owner-dashboard?tab=bookings-earnings`

Steps: 1. Find an active booking
2. Click "Cancel Booking"
3. Review terms (owner cancel = full refund to renter)
4. Confirm

Expected: Booking cancelled. Renter gets full refund. Owner cancellation count increments.

☐ Pass ☐ Fail Notes: _____

TC-O-013: Report an Issue (Owner)

Page: `/owner-dashboard?tab=bookings-earnings`

Steps: 1. Find a booking, click "Report Issue"
2. Select owner category (5 types)
3. Upload evidence photos
4. Submit

Expected: Dispute created with evidence. Appears in admin queue.

☐ Pass ☐ Fail Notes: _____

TC-O-014: Reply to Inquiry

Page: `/owner-dashboard (notifications)`

Steps: 1. Find a pre-booking inquiry from renter
2. Open inquiry thread
3. Type and send a reply

Expected: Reply sends. Renter sees response. Realtime updates.

☐ Pass ☐ Fail Notes: _____

TC-O-015: Booking Message Thread

Page: `/owner-dashboard?tab=bookings-earnings`

Steps: 1. Open a booking detail
2. Send a message in the thread

Expected: Message appears instantly via realtime.

☐ Pass ☐ Fail Notes: _____

Earnings & Payouts

TC-O-016: iCal Calendar Export

Page: `/owner-dashboard?tab=bookings-earnings`

Steps: 1. Click "Export Calendar"
2. Save the .ics file
3. Import into Google Calendar or Outlook

Expected: Downloads valid .ics file (RFC 5545). Events match booked dates.

☐ Pass ☐ Fail Notes: _____

TC-O-017: Stripe Connect Onboarding

Page: `/owner-dashboard?tab=bookings-earnings`

Steps: 1. Find Stripe Connect banner
2. Click "Connect with Stripe"
3. Complete Stripe onboarding (Express account)
4. Return to RAV

Expected: Banner shows 3 states: not connected, incomplete, connected. After completion, payouts enabled.

☐ Pass ☐ Fail Notes: _____

TC-O-018: Earnings and Dynamic Pricing

Page: `/owner-dashboard?tab=bookings-earnings`

Steps: 1. Review earnings breakdown
2. Check pricing intelligence
3. Observe dynamic pricing factors (urgency, season, demand)

Expected: Earnings show gross, commission (15%), net. Dynamic pricing shows factor badges.

☐ Pass ☐ Fail Notes: _____

Referral & Profile

TC-O-019: Referral Dashboard

Page: `/owner-dashboard?tab=account`

Steps: 1. Find Referral Dashboard in Account tab
2. Copy referral code
3. Review stats (total, successful, pending)

Expected: Unique code displayed. Stats show referral funnel.

☐ Pass ☐ Fail Notes: _____

TC-O-020: Referral Signup Flow

Page: `/signup?ref=CODE`

Steps: 1. Copy owner's referral code
2. Open incognito, navigate to /signup?ref=CODE
3. Complete signup

Expected: Referral code captured. Both referrer and referee tracked.

☐ Pass ☐ Fail Notes: _____

TC-O-021: Pricing Suggestion

Page: `/list-property (step 2)`

Steps: 1. While setting nightly rate, observe suggestion
2. Check market range bar and competitive label

Expected: Shows min/median/max from similar listings. Label shows competitive position.

☐ Pass ☐ Fail Notes: _____

TC-O-022: Identity Verification

Page: `/owner-dashboard?tab=account`

Steps: 1. Check verification status
2. If unverified, initiate verification

Expected: Status clearly shown. Age verification gate functions.

☐ Pass ☐ Fail Notes: _____

TC-O-023: Membership Tier Display

Page: `/owner-dashboard?tab=account`

Steps: 1. Review current tier (Free/Pro/Business)
2. Check tier benefits

Expected: Correct tier displayed. Benefits match (Pro: −2%, Business: −5%).

☐ Pass ☐ Fail Notes: _____

TC-O-024: Role Upgrade Request

Page: `/account`

Steps: 1. As a renter, request upgrade to owner
2. Observe role upgrade dialog
3. Submit request

Expected: Request sent. Renter sees pending state. On approval, notification + email + auto-detect via realtime.

☐ Pass ☐ Fail Notes: _____

TC-O-025: Respond to Travel Request

Page: `/owner-dashboard`

Steps: 1. Find matching travel request
2. Submit proposal with listing
3. Observe proposal in marketplace

Expected: Proposal links to listing. Traveler notified.

☐ Pass ☐ Fail Notes: _____

TC-O-026: Owner Profile Card

Page: `/property/:id`

Steps: 1. As renter, view a listing by owner1
2. Check Owner Profile Card

Expected: Shows name, member since, listing count, response time, verification badge.

☐ Pass ☐ Fail Notes: _____

TC-O-027: Notification Bell

Page: `Any page (header)`

Steps: 1. Check notification bell
2. Observe unread count
3. Click to view, mark as read

Expected: Bell shows unread count. Updates in realtime. Clicking marks as read.

☐ Pass ☐ Fail Notes: _____

TC-O-028: Portfolio Analytics

Page: `/owner-dashboard`

Steps: 1. Review portfolio analytics in overview
2. Check property performance metrics

Expected: Portfolio summary across all owned properties.

☐ Pass ☐ Fail Notes: _____

Subscription & Listing Limits

TC-O-029: Listing Limit Enforcement (Free Tier)

Page: `/owner-dashboard?tab=my-listings`

Steps: 1. Log in as owner3 (Free tier, 3 listing max)
2. Create listings until at limit (3)
3. Observe listing count badge next to Create Listing button
4. Attempt to create a 4th listing

Expected: Badge shows "3/3 listings". Clicking Create Listing opens upgrade upsell dialog showing Pro (10 listings, $10/mo) and Business (unlimited, $25/mo). Cannot create listing.

☐ Pass ☐ Fail Notes: _____

TC-O-030: Subscribe to Pro Tier

Page: `/owner-dashboard?tab=account`

Steps: 1. Log in as owner3 (Free tier)
2. Go to Owner Dashboard → Account tab

3. Click upgrade to Pro (10 dollars/mo)
4. Complete Stripe Checkout with test card 4242 4242 4242 4242
5. Use any future expiry (12/28), any CVC (123), any ZIP (32256)

Expected: Redirected to Stripe Checkout → payment succeeds → redirected to /subscription/success. Tier badge shows Pro. Listing limit now 10. Commission discount 2% applied.

☐ Pass ☐ Fail Notes: _____

TC-O-031: Manage Billing via Stripe Portal

Page: `/owner-dashboard?tab=account`

Steps: 1. Log in as owner with active paid subscription
2. Go to Account tab → Subscription section
3. Click "Manage Billing"

Expected: Redirects to Stripe Customer Portal. Can view invoices, update payment method. Cancel option shows "at end of billing period".

☐ Pass ☐ Fail Notes: _____

TC-O-032: Cancel Subscription

Page: `Stripe Customer Portal`

Steps: 1. From Manage Billing, click Cancel plan
2. Confirm cancellation
3. Return to RAV site

Expected: Subscription shows "Cancelling" with end date. Access continues until billing period ends. Then auto-downgrades to Free tier.

☐ Pass ☐ Fail Notes: _____

TC-O-033: Upgrade Between Paid Tiers

Page: `/owner-dashboard?tab=account`

Steps: 1. Log in as owner1 (Pro tier)
2. Click upgrade to Business (25 dollars/mo)
3. Complete Stripe Checkout

Expected: Immediate upgrade with proration (pays difference for remaining cycle). Listing limit now unlimited. Commission discount now 5%.

☐ Pass ☐ Fail Notes: _____

TC-O-034: Commission Discount Verification

Page: `/owner-dashboard?tab=bookings-earnings`

Steps: 1. Log in as owner1 (Pro tier, 2% discount)
2. Check earnings breakdown
3. Verify commission shows 13% (not 15%)

Expected: Service fee shows 13% for Pro tier. Owner2 (Business) would show 10%.

☐ Pass ☐ Fail Notes: _____

Role 3: RAV Staff

> **Note**
> Log in as: `dev-staff@rent-a-vacation.com` / `SeedTest2026!`

TC-S-001: Verify Staff Tab Access

Page: `/admin`

Steps: 1. Log in as RAV Staff
2. Navigate to /admin
3. Count visible tabs

Expected: 10 operational tabs: Overview, Properties, Listings, Bookings, Escrow, Check-In Issues, Disputes, Verifications, Users, Pending Approvals. Admin-only tabs NOT visible.

☐ Pass ☐ Fail Notes: _____

TC-S-002: Admin Overview Tab

Page: `/admin (Overview)`

Steps: 1. Review overview dashboard
2. Check metrics: total users, listings, bookings, revenue

Expected: Summary cards with platform-wide metrics. Trend charts displayed.

☐ Pass ☐ Fail Notes: _____

TC-S-003: Properties Management

Page: `/admin → Properties`

Steps: 1. Browse property list
2. Search/filter for a specific property
3. View details

Expected: All properties listed. Search works. Details accessible.

☐ Pass ☐ Fail Notes: _____

TC-S-004: Listings Management

Page: `/admin → Listings`

Steps: 1. Browse with status filters (active, pending, draft, expired)
2. Click a listing for details

Expected: All listings shown. Filter works. Details accessible.

☐ Pass ☐ Fail Notes: _____

TC-S-005: Bookings Management

Page: `/admin → Bookings`

Steps: 1. Review bookings with date filters
2. Check statuses and SLA badges

Expected: All bookings listed. Date filter works. SLA badges show time-to-action.

☐ Pass ☐ Fail Notes: _____

TC-S-006: Escrow Management

Page: `/admin → Escrow`

Steps: 1. Review escrow balances
2. Check pending releases

Expected: Escrow entries with amounts and release dates. Pending items highlighted.

☐ Pass ☐ Fail Notes: _____

TC-S-007: Check-In Issues

Page: `/admin → Check-In Issues`

Steps: 1. Review reported issues
2. Check details and timeline

Expected: Issues listed with severity, status, and booking reference.

☐ Pass ☐ Fail Notes: _____

TC-S-008: Disputes Management

Page: `/admin → Disputes`

Steps: 1. Review disputes with category filters
2. View details and evidence photos
3. Check both renter and owner categories

Expected: Disputes listed (5 renter + 5 owner types). Evidence thumbnails visible.

☐ Pass ☐ Fail Notes: _____

TC-S-009: Verifications Queue

Page: `/admin → Verifications`

Steps: 1. Review pending identity verifications
2. Process a verification

Expected: Pending verifications listed. Can review submitted documents.

☐ Pass ☐ Fail Notes: _____

TC-S-010: User Management

Page: `/admin → Users`

Steps: 1. Search for a user by email or name
2. View profile details
3. Check cross-links to bookings/listings

Expected: Search works. Profile shows role, status, tier, join date. Cross-links work.

☐ Pass ☐ Fail Notes: _____

TC-S-011: Pending Approvals

Page: `/admin → Pending Approvals`

Steps: 1. Review pending listings and role upgrades
2. Approve or reject an item

Expected: Pending items listed. Approve/reject works. Notifications sent.

☐ Pass ☐ Fail Notes: _____

TC-S-012: Bulk Actions

Page: `/admin → Listings or Bookings`

Steps: 1. Select multiple items with checkboxes
2. Apply a bulk action

Expected: Multi-select works. Bulk action applies to all selected.

☐ Pass ☐ Fail Notes: _____

TC-S-013: Executive Dashboard Access

Page: `/executive-dashboard`

Steps: 1. Navigate to /executive-dashboard
2. Review platform KPIs and charts

Expected: Executive dashboard loads. Accessible to all RAV team roles.

☐ Pass ☐ Fail Notes: _____

TC-S-014: Verify Admin-Only Tabs Hidden

Page: `/admin`

Steps: 1. While logged in as Staff, verify these tabs are NOT visible: Financials, Tax & 1099, Payouts, Memberships, Launch Readiness, Settings, Voice Controls, Resorts, API Keys, Dev Tools

Expected: None of the admin-only tabs appear. No errors.

☐ Pass ☐ Fail Notes: _____

Role 4: RAV Admin / Owner

> **Note**
> Log in as: `dev-owner@rent-a-vacation.com` or `dev-admin@rent-a-vacation.com` / `SeedTest2026!`

Admin-Only Tabs

TC-A-001: Verify Full Tab Access

Page: `/admin`

Steps: 1. Log in as RAV Owner or Admin
2. Navigate to /admin
3. Count all visible tabs

Expected: All tabs visible — 10 staff tabs + admin-only: Financials, Tax & 1099, Payouts, Memberships, Launch Readiness, Settings, Voice Controls, Resorts, API Keys, Dev Tools.

☐ Pass ☐ Fail Notes: _____

TC-A-002: Financials Tab

Page: `/admin → Financials`

Steps: 1. Review revenue, commission, payout summaries
2. Check date range filters

Expected: Financial overview with total revenue, 15% commission, owner payouts. Filterable by date.

☐ Pass ☐ Fail Notes: _____

TC-A-003: Tax & 1099 Tab

Page: `/admin → Tax & 1099`

Steps: 1. Review owner earnings for 1099 thresholds
2. Check tax report generation

Expected: Owner earnings summary with $600 IRS 1099-K threshold tracking.

☐ Pass ☐ Fail Notes: _____

TC-A-004: Payouts Tab (Stripe)

Page: `/admin → Payouts`

Steps: 1. Review pending payouts
2. Click "Pay via Stripe" on a payout
3. Verify Stripe Transfer creation

Expected: Pending payouts listed. Transfer initiated to owner's connected account. Transfer ID recorded.

☐ Pass ☐ Fail Notes: _____

TC-A-005: Memberships Tab

Page: `/admin → Memberships`

Steps: 1. Review tier distribution
2. Change a user's tier

Expected: Tier breakdown shown (Free/Plus/Premium renters, Free/Pro/Business owners). Changes save.

☐ Pass ☐ Fail Notes: _____

TC-A-006: Launch Readiness Tab

Page: `/admin → Launch Readiness`

Steps: 1. Review launch checklist items
2. Check pass/fail status

Expected: Checklist with status for each criterion.

☐ Pass ☐ Fail Notes: _____

TC-A-007: Settings Tab

Page: `/admin → Settings`

Steps: 1. Review system settings (commission rate, platform mode)
2. Toggle Staff Only Mode

Expected: Settings editable. Commission = 15%. Staff Only Mode locks platform for non-team.

☐ Pass ☐ Fail Notes: _____

TC-A-008: Voice Controls Tab

Page: `/admin → Voice Controls`

Steps: 1. Review VAPI config
2. Check tier quotas (Free: 5/day, Plus/Pro: 25/day, Premium/Business: unlimited)
3. Review user overrides
4. Check usage dashboard and logs

Expected: Config displayed. Quotas editable. Overrides per-user. Usage charts and logs visible.

☐ Pass ☐ Fail Notes: _____

TC-A-009: Resorts Tab

Page: `/admin → Resorts`

Steps: 1. Browse resort list (117 total)
2. Search for a resort

3. Test CSV import (upload, validate, confirm)
4. Download template CSV

Expected: List browsable/searchable. Import validates data, shows duplicates, allows selective import.

☐ Pass ☐ Fail Notes: _____

TC-A-010: API Keys Tab

Page: `/admin → API Keys`

Steps: 1. Create a new API key
2. Set IP allowlist (optional, CIDR supported)
3. Copy the generated key
4. Revoke a key

Expected: Key shown once. IP allowlist with CIDR. Revocation immediate.

☐ Pass ☐ Fail Notes: _____

TC-A-011: Dev Tools Tab (DEV Only)

Page: `/admin → Dev Tools`

Steps: 1. Click Refresh for seed data status
2. Click "Reset & Reseed DEV"
3. Wait for completion log

Expected: Data counts shown. Reseed runs 30–60s with step log. DEV only.

☐ Pass ☐ Fail Notes: _____

Admin Editing

TC-A-012: Edit a Property (Admin)

Page: `/admin → Properties`

Steps: 1. Find a property, click Edit
2. Modify brand, resort, location, or unit details
3. Save changes

Expected: Edit dialog with current values. Changes save with audit trail (last_edited_by/at).

☐ Pass ☐ Fail Notes: _____

TC-A-013: Edit a Listing (Admin)

Page: `/admin → Listings`

Steps: 1. Find an active listing, click Edit
2. Modify nightly rate, observe price recalculation
3. Try editing a completed/booked listing (should be disabled)

Expected: Rate changes recalculate total. Booked/completed listings cannot be edited.

☐ Pass ☐ Fail Notes: _____

TC-A-014: Approve a Listing

Page: `/admin → Pending Approvals`

Steps: 1. Find a pending listing
2. Review details
3. Click Approve

Expected: Listing moves to active. Owner notified. Appears on /rentals.

☐ Pass ☐ Fail Notes: _____

TC-A-015: Reject a Listing

Page: `/admin → Pending Approvals`

Steps: 1. Find a pending listing
2. Click Reject with reason

Expected: Listing rejected. Owner notified with reason.

☐ Pass ☐ Fail Notes: _____

TC-A-016: Approve a Role Upgrade

Page: `/admin → Pending Approvals`

Steps: 1. Find pending role upgrade
2. Approve

Expected: User role updates. Notification + email. Auto-detect via realtime.

☐ Pass ☐ Fail Notes: _____

Developer Tools

TC-A-017: Public API — Developers Page

Page: `/developers`

Steps: 1. Navigate to /developers
2. Browse Swagger UI
3. Review 5 read-only endpoints

Expected: Swagger UI loads. No auth required to view docs.

☐ Pass ☐ Fail Notes: _____

TC-A-018: Internal API Docs

Page: `/api-docs`

Steps: 1. Navigate to /api-docs (must be admin)
2. Review full OpenAPI spec

Expected: Full Swagger UI with 26+ endpoints. Admin-gated.

☐ Pass ☐ Fail Notes: _____

TC-A-019: API Gateway Test

Page: `N/A (curl/Postman)`

Steps: 1. Create an API key via Admin → API Keys
2. Call API gateway with the key (see curl command in QA-PLAYBOOK.md)
3. Test rate limiting with rapid requests

Expected: API returns data. Rate limits enforced. IP allowlist blocks unauthorized.

☐ Pass ☐ Fail Notes: _____

TC-A-020: Executive Dashboard

Page: `/executive-dashboard`

Steps: 1. Navigate to /executive-dashboard
2. Review platform KPIs, revenue charts, user growth, booking trends

Expected: High-level dashboard. Data matches admin tab totals.

☐ Pass ☐ Fail Notes: _____

TC-A-021: Dispute Resolution with Evidence

Page: `/admin → Disputes`

Steps: 1. Find a dispute with evidence
2. View photos
3. Resolve (approve refund, deny, or partial)

Expected: Evidence viewable. Resolution updates booking and triggers refund if applicable.

☐ Pass ☐ Fail Notes: _____

TC-A-022: GA4 Analytics Verification

Page: `Any page`

Steps: 1. Accept cookie consent
2. Navigate between pages
3. Check GA4 real-time view

Expected: Page views tracked (G-G2YCVHNS25) only after consent.

☐ Pass ☐ Fail Notes: _____

Subscription Management

TC-A-023: MRR Metrics Dashboard

Page: `/admin → Memberships`

Steps: 1. Navigate to Admin Dashboard → Memberships tab
2. Review 4 KPI cards at top
3. Check tier distribution cards (6 tiers)
4. Review membership table
5. Test status filter (Active / Cancelled / Pending)
6. Test role filter (Owners / Travelers)

Expected: MRR shows total monthly revenue. Active Subscribers shows paid count. ARPU = MRR / paid. Churn shows cancellation rate. Tier cards show user counts. Filters narrow the table.

☐ Pass ☐ Fail Notes: _____

TC-A-024: Manual Tier Override

Page: `/admin → Memberships`

Steps: 1. Find a user in the membership table
2. Click the settings icon (Actions column)
3. In the override dialog: select a different tier
4. Enter admin notes (required): e.g., "VIP promotional override"
5. Click "Apply Override"

Expected: Tier changes immediately. "Admin Override" badge appears on the row. Warning explains Stripe webhooks won't auto-update this user. Override count increments in summary.

☐ Pass ☐ Fail Notes: _____

TC-A-025: Clear Admin Override

Page: `/admin → Memberships`

Steps: 1. Find a user with "Admin Override" badge
2. Click settings icon to open override dialog
3. Click "Clear Override"

Expected: Override removed. Badge disappears. Stripe webhooks resume control of this user's tier.

☐ Pass ☐ Fail Notes: _____

TC-A-026: Admin Safeguard — Staff-Only Toggle

Page: `/admin → Settings`

Steps: 1. Find Staff-Only Mode switch
2. Toggle it

Expected: AlertDialog appears asking confirmation with impact description. Change only applies after explicit confirm.

☐ Pass ☐ Fail Notes: _____

TC-A-027: Admin Safeguard — Commission Rate

Page: `/admin → Settings`

Steps: 1. Find commission rate input
2. Change the value
3. Click Save

Expected: Save button enables on change. AlertDialog shows "Change from X% to Y%?" on click. Only applies after confirm.

☐ Pass ☐ Fail Notes: _____

TC-A-028: Update Seed Data (Incremental)

Page: `/admin → Dev Tools`

Steps: 1. Click "Update Seed Data" (not Reset & Reseed)
2. Confirm in dialog
3. Review log output

Expected: Adds missing data only (tier upgrades, referral codes, API keys, voice logs). Existing bookings and manual test data preserved.

☐ Pass ☐ Fail Notes: _____

Cross-Role Scenarios

> **Note**
> These require switching between accounts. Use incognito windows or different browsers.

TC-X-001: Full Booking Lifecycle

Page: `Multiple pages`

Steps: 1. Owner: List a new property ($150/night, 7 nights)
2. Admin: Approve the listing
3. Renter: Find and book the listing (card 4242...)
4. Owner: Confirm the booking
5. Renter: Complete check-in at /checkin
6. Admin: Verify booking in Bookings tab as confirmed
7. Admin: Process payout in Payouts tab

Expected: Full lifecycle completes. Status updates at each step. Emails sent at transitions.

☐ Pass ☐ Fail Notes: _____

TC-X-002: Bid Negotiation Flow

Page: `Multiple pages`

Steps: 1. Owner: Enable bidding on a listing
2. Renter: Place a bid below asking price
3. Owner: Accept the bid
4. Renter: Pay at accepted bid price
5. Owner: Confirm booking

Expected: Bid visible in both dashboards. Accepted bid creates booking at bid price.

☐ Pass ☐ Fail Notes: _____

TC-X-003: Travel Request → Proposal → Booking

Page: `Multiple pages`

Steps: 1. Renter: Post travel request (Orlando, 2BR, next month)
2. Owner: Submit proposal with listing
3. Renter: Accept and book

Expected: Request-to-booking pipeline completes. Owner listing matched.

☐ Pass ☐ Fail Notes: _____

TC-X-004: Cancellation with Refund

Page: `Multiple pages`

Steps: 1. Renter: Cancel an existing booking
2. Renter: Verify policy terms in dialog
3. Renter: Confirm cancellation
4. Admin: Verify refund in Stripe Dashboard (Test mode)
5. Admin: Check escrow and booking status

Expected: Refund matches policy. Stripe shows refund. Status = cancelled.

☐ Pass ☐ Fail Notes:

TC-X-005: Owner Cancellation → Full Refund

Page: `Multiple pages`

Steps: 1. Owner: Cancel a confirmed booking
2. Renter: Verify full refund received
3. Admin: Verify owner cancellation count incremented

Expected: Renter gets full refund. Owner cancellation count increases.

☐ Pass ☐ Fail Notes:

TC-X-006: Dispute Resolution

Page: `Multiple pages`

Steps: 1. Renter: Report issue on booking
2. Owner: Report counter-issue with evidence
3. Admin: Review both sides in Disputes tab
4. Admin: Resolve with partial refund

Expected: Both disputes linked. Admin sees evidence from both. Resolution triggers refund.

☐ Pass ☐ Fail Notes:

TC-X-007: Referral End-to-End

Page: `Multiple pages`

Steps: 1. Owner: Copy referral code from Account tab
2. New User: Sign up at /signup?ref=CODE
3. Owner: Verify referral in dashboard

Expected: Signup captured with code. Owner stats update.

☐ Pass ☐ Fail Notes:

TC-X-008: Realtime Notifications

Page: `Multiple pages (two browser windows)`

Steps: 1. Open Owner Dashboard (Window A) and property detail (Window B)
2. Renter (B): Send inquiry via "Ask the Owner"
3. Owner (A): Watch notification bell update (no refresh)

4. Owner (A): Reply to inquiry
5. Renter (B): Watch reply appear in thread

Expected: Both sides see updates in real-time via Supabase realtime. No manual refresh.

☐ Pass ☐ Fail Notes: _____

TC-X-009: Date Proposal Workflow

Page: `Multiple pages`

Steps: 1. Renter: Propose different dates on a listing
2. Verify auto-computed price (nightly × proposed nights)
3. Owner: Review and accept/counter

Expected: Date proposal computes correct total. Owner can accept/reject.

☐ Pass ☐ Fail Notes: _____

TC-X-010: Staff vs Admin Access Boundary

Page: `/admin`

Steps: 1. Staff: Log in, go to /admin, note visible tabs
2. Admin: Log in (different browser), go to /admin, note tabs
3. Compare tab counts

Expected: Staff sees 10 tabs. Admin sees 10 + admin-only. No overlap or missing.

☐ Pass ☐ Fail Notes: _____

TC-X-011: Subscription Upgrade → Listing Limit Increase

Page: `Multiple pages`

Steps: 1. Owner (Free tier): Create 3 listings (hit limit)
2. Verify upsell dialog appears on 4th attempt
3. Go to Account tab → upgrade to Pro via Stripe Checkout
4. Return to My Listings → Create Listing again
5. Verify it now works (limit raised to 10)
6. Admin: Go to Memberships tab → verify user shows Pro tier

Expected: Full lifecycle: limit enforced → upgrade → limit raised → new listing created. Admin sees tier change.

☐ Pass ☐ Fail Notes: _____

TC-X-012: Admin Override → Commission Impact

Page: `Multiple pages`

Steps: 1. Admin: Override owner3 from Free to Business tier (admin notes: "testing")
2. Owner3: Log in → check commission in earnings (should show 10%)

3. Admin: Go to Memberships → verify "Admin Override" badge on owner3
4. Admin: Clear override → verify badge removed

Expected: Override changes tier immediately. Commission discount applied. Admin badge visible. Clear restores normal state.

☐ Pass ☐ Fail Notes: _____

Public & Unauthenticated Pages

> **Note**
> Test without logging in — use an incognito window.

TC-P-001: Landing Page (Unauthenticated)

Page: `/`

Steps: 1. Open dev.rent-a-vacation.com in incognito
2. Verify page loads (header, hero, featured listings)
3. Click "Browse Rentals" — should redirect to login

Expected: Landing page is public. Protected routes redirect to /login.

☐ Pass ☐ Fail Notes: _____

TC-P-002: Login Flow

Page: `/login`

Steps: 1. Navigate to /login
2. Enter renter001@rent-a-vacation.com / SeedTest2026!
3. Submit

Expected: Successful login. Redirect to /rentals.

☐ Pass ☐ Fail Notes: _____

TC-P-003: Signup Flow

Page: `/signup`

Steps: 1. Navigate to /signup
2. Enter new email, password, name
3. Submit

Expected: Account created. Redirect to /pending-approval. Verification email sent.

☐ Pass ☐ Fail Notes: _____

TC-P-004: Forgot Password

Page: `/forgot-password`

Steps: 1. Enter a registered email
2. Submit

Expected: Reset email sent. Confirmation shown.

☐ Pass ☐ Fail Notes: _____

TC-P-005: Reset Password

Page: `/reset-password`

Steps: 1. Click reset link from email
2. Enter new password
3. Submit

Expected: Password changed. Can log in with new password.

☐ Pass ☐ Fail Notes: _____

TC-P-006: Terms of Service

Page: `/terms`

Steps: 1. Navigate to /terms
2. Read content

Expected: Terms page loads.

☐ Pass ☐ Fail Notes: _____

TC-P-007: Privacy Policy

Page: `/privacy`

Steps: 1. Navigate to /privacy
2. Read content

Expected: Privacy policy loads.

☐ Pass ☐ Fail Notes: _____

TC-P-008: Documentation Page

Page: `/documentation`

Steps: 1. Navigate to /documentation
2. Browse sections

Expected: Documentation loads with structured content.

☐ Pass ☐ Fail Notes: _____

TC-P-009: User Guide

Page: `/user-guide`

Steps: 1. Navigate to /user-guide
2. Browse 13 guide sections (6 owner + 7 renter)

Expected: User guide loads with categorized help.

☐ Pass ☐ Fail Notes: _____

TC-P-010: Cookie Consent Banner

Page: `/ (first visit)`

Steps: 1. Open site in incognito
2. Observe cookie consent banner
3. Accept cookies
4. Verify GA4 tracking begins (network tab)

Expected: Banner on first visit. Accepting enables GA4 + PostHog. Declining prevents analytics.

☐ Pass ☐ Fail Notes: _____

TC-P-011: PWA Install Banner

Page: `Any page (mobile)`

Steps: 1. Visit site on mobile or DevTools mobile emulation
2. Look for PWA install prompt

Expected: Install banner appears on eligible browsers.

☐ Pass ☐ Fail Notes: _____

TC-P-012: Offline Banner

Page: `Any page`

Steps: 1. Load a page
2. Disconnect internet (airplane mode or DevTools offline)
3. Observe offline banner

Expected: Offline banner appears. Disappears when restored.

☐ Pass ☐ Fail Notes: _____

TC-P-013: 404 Page

Page: `/this-does-not-exist`

Steps: 1. Navigate to a non-existent URL
2. Observe 404 page

Expected: Custom 404 page with navigation back to home.

☐ Pass ☐ Fail Notes: _____

TC-P-014: Pending Approval Page

Page: `/pending-approval`

Steps: 1. Log in with a newly registered (unapproved) account
2. Observe the pending approval page

Expected: Shows message that account is pending admin approval.

☐ Pass ☐ Fail Notes: _____

TC-P-015: DEV Environment Banner

Page: `Any page on DEV`

Steps: 1. Verify yellow "DEV ENVIRONMENT" banner at top

Expected: Yellow banner visible on DEV. Not present on production.

☐ Pass ☐ Fail Notes: _____
